HISTORY

The term "Grinder" dates back to the eastern region of the U.S. and the WWI era. It's said Italian immigrants worked in the shipyards, setting and "grinding" rivets on the huge warships. At lunch time their wives would bring fresh baked super-sized Italian rolls filled with generous amounts of meats, cheeses, and vegetables. When it was lunch time, the supervisor yelled, "Grinders" lunch!, Hence, the word "Grinder" became known as delectable combination of meats, cheeses, and vegetables served on a one of a kind freshly baked bread.

In 1959, the founder of Mancino's, Samuel, Sr. opened his 1st store in St. Clair Shores, MI. He wanted to be his own boss, and provide a future legacy for his family. In 1978, Sam Sr., opened a Mancino's in Sturgis, MI on East Chicago Rd., renovating a gas station. When Sam Sr. retired, Mancino's was reopened by Sam Sr.'s son Frank, Sr., in the format you see today. This Mancino's remains family-owned, operated, and independent. An original concept Sam Sr. so proudly created.

This Mancino's remains an original tradition, and is determined to keep a piece of Mancino's history. We will never compromise our integrity by giving false size grinders, and promise only the highest quality food, great prices, and generous portions. No gimmicks-no tricks. Come on in and let our family serve yours.

Celebrating our 40th year in Sturgis, MI. And here to stay!
